Please assign to Kate when it comes in. Betsy/Kate- please send USAG Brewington a discovery packet for the initial testing and CV for Kate. This case needs an IR. If we need to add a second chemist, we need to let the USAG know as soon as possible otherwise full technical review by Peter or Della.

Tavares - We would be happy to assist. I am not sure what your "expert disclosure being due next Friday" means? Do you need the retests by next Friday or do you just need to know who will do the retests and we can have the testing done prior to April 23<sup>rd</sup> - the trial date? Can you let us know when the testing would need to be done? I have cced Julie Nassif who is the lab director and will coordinate with you. Thanks. Donna
